From the Principal

School overview

Mudgeeraba Creek State School is a co-educational state school that caters for students from the Preparatory Year to Year 6. Our school values of Friendship, Achievement and Respect provide fundamental expectations for all members of our school community. These values are the basis of the Positive Behaviour for Learning programme in the school. Students are encouraged to apply these values to all aspects of their lives and the school is committed to nurturing these values. The 7 Habits of Highly Effective People (Stephen Covey) are developed through the Leader in Me focus across the school and this supports students to develop strong social and emotional competence.

Our staff have an unrelenting focus on the enhanced delivery of the Australian Curriculum for every student. We use the research of Dr Robert Marzano to ensure teachers have a comprehensive framework for effective instruction, making every lesson count. We take pride in the provision of a high quality teaching and learning environment including outdoor play, specialised learning spaces, a performance centre and air conditioned classrooms. Our school has a Technology Lab and STEM Lab with specialist teachers for delivering award winning programmes in STEM (Science, Technology, Engineering and Mathematics). We have an excellent music programme including instrumental music opportunities. Japanese is taught as our Language programme with lessons delivered by a language specialist teacher from Prep to Year 6. Mudgeeraba Creek State School has a proud tradition of providing learning programmes that cater for the diverse and individual learning needs of all children. Experienced staff deliver differentiated programmes that provide relevant support for all students, including students from language backgrounds other than English. We strongly encourage open and transparent communication between home and school to further enhance our understanding of each student's individual needs.

Student leadership is fostered through individual student learning goals, a variety of leadership opportunities both in and beyond the school and an energetic Student Council lead by our School Captains. Our school has strong links with Griffith University and Southern Cross University, with both recognising Mudgeeraba Creek State School for excellence in developing pre service teachers and Griffith partnering with initiatives in STEM. Mudgeeraba Creek State School has an active parent community. Staff are supported by the parent body and together the staff and parents work tirelessly to ensure Mudgeeraba Creek State School is a school of choice for the Mudgeeraba area.

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community, Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Long suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	188,703	198,992	213,023
Water (kL)	2,909	2,032	2,714

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.
